BMC Surgery: Most viewed articles in past 30 days [\[more info\]](#)

Figures given indicate the abstract, full text and PDF accesses on BioMed Central for each article, over the last 30 days. All research articles are also available via the PubMed Central archive, so the total number of accesses to each article is significantly higher. Lists of [most-viewed articles in the past year](#) and [all time most-viewed articles](#) are also available
